

OXYGEN BARRIER TARPS

Underlayers are used with regular silage tarps to keep the oxygen out.

Dimensions :

Width	Length	Thickness
32' to 60' <i>(10m to 18m)</i>	100' to 500' <i>(30m to 152m)</i>	1.6MIL

Resists Extreme Conditions

Anaerobic Condition

UV Stabilized

Improved Productivity
